# Human Cell Line Authentication

## a service of the DFCI Molecular Diagnostics Core

- Short tandem repeat (STR) profiling of 9 polymorphic DNA markers
- Amelogenin testing to distinguish XY from XX
- ANSI/ATCC ASN-0002-2011 compliant STR analysis

**New: Drop-off locations at  
HSPH & HMS Quad campus  
in collaboration with  
the DF/HCC DNA Resource Core**

Contact either the DFCI Molecular Diagnostics Core  
or the DF/HCC DNA Resource Core for more info
