

Sanger Sequencing Services

- Purification from pellets or isolates on agar
- Small- and large-scale projects
- Standard 24-hr turnaround
- Optional same-day service results by 5PM
- Late-day pickup at 12:45pm, results next AM

Competitive Pricing

- Sequence <48 samples: \$3.85/ reaction
- Sequence 48+ samples: \$2.90/ reaction
- Plasmid prep 48+: \$1.50/ sample
(Send us pellets or colonies on agar)

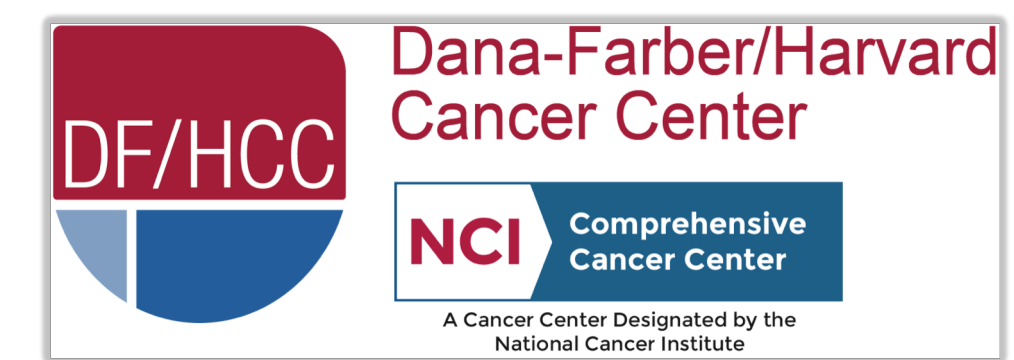

Convenient Drop-Off Sites

- ❖ NRB, Room 360-370 fridge
- ❖ Chan School of Public Health, Room 710 fridge
- ❖ C1 Building, 2nd Floor Hallway fridge
- ❖ Biological Labs 1026, Cold Room, Harvard Square

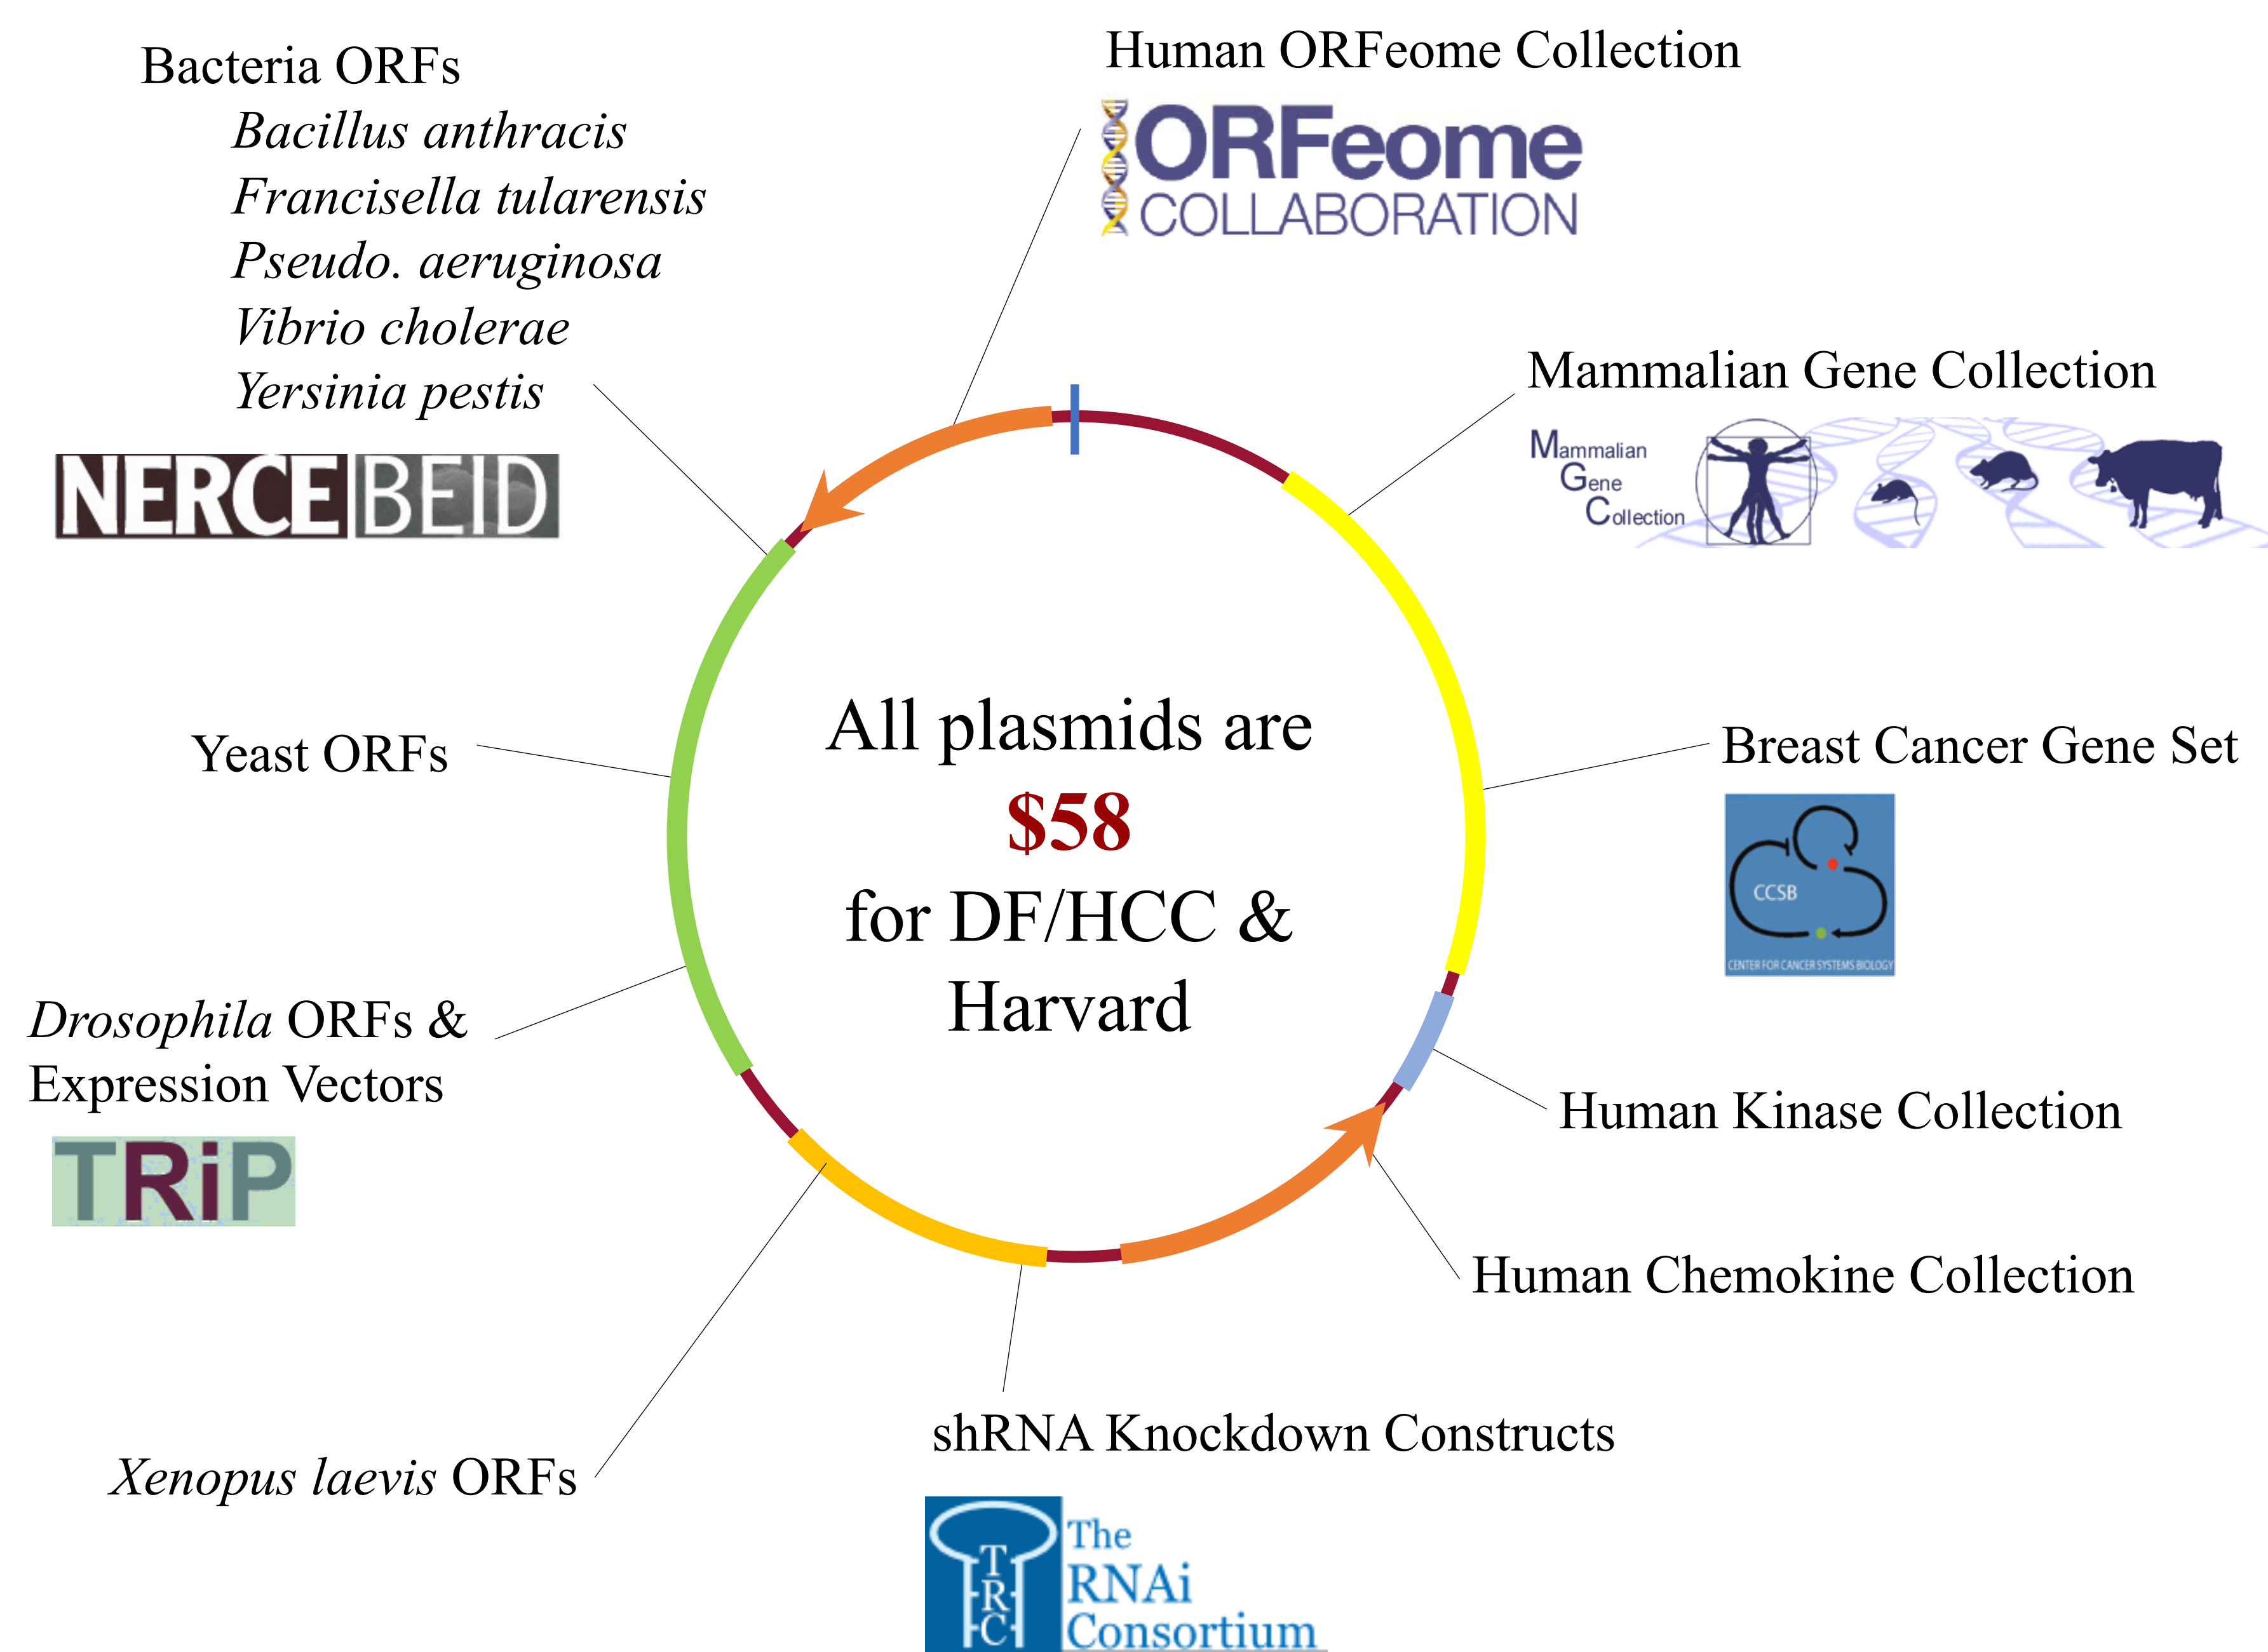

DNA Resource Core

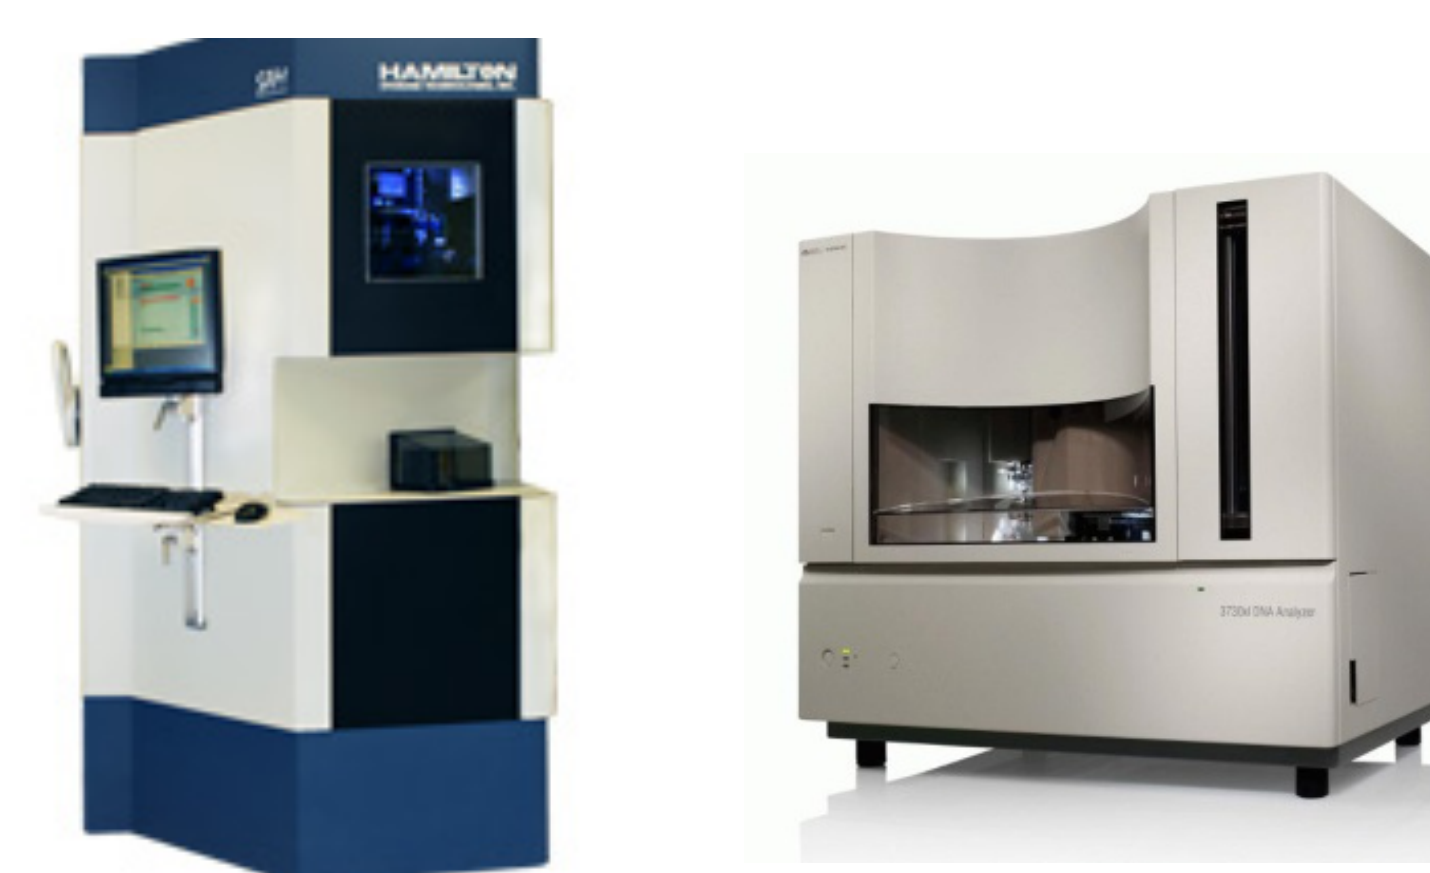

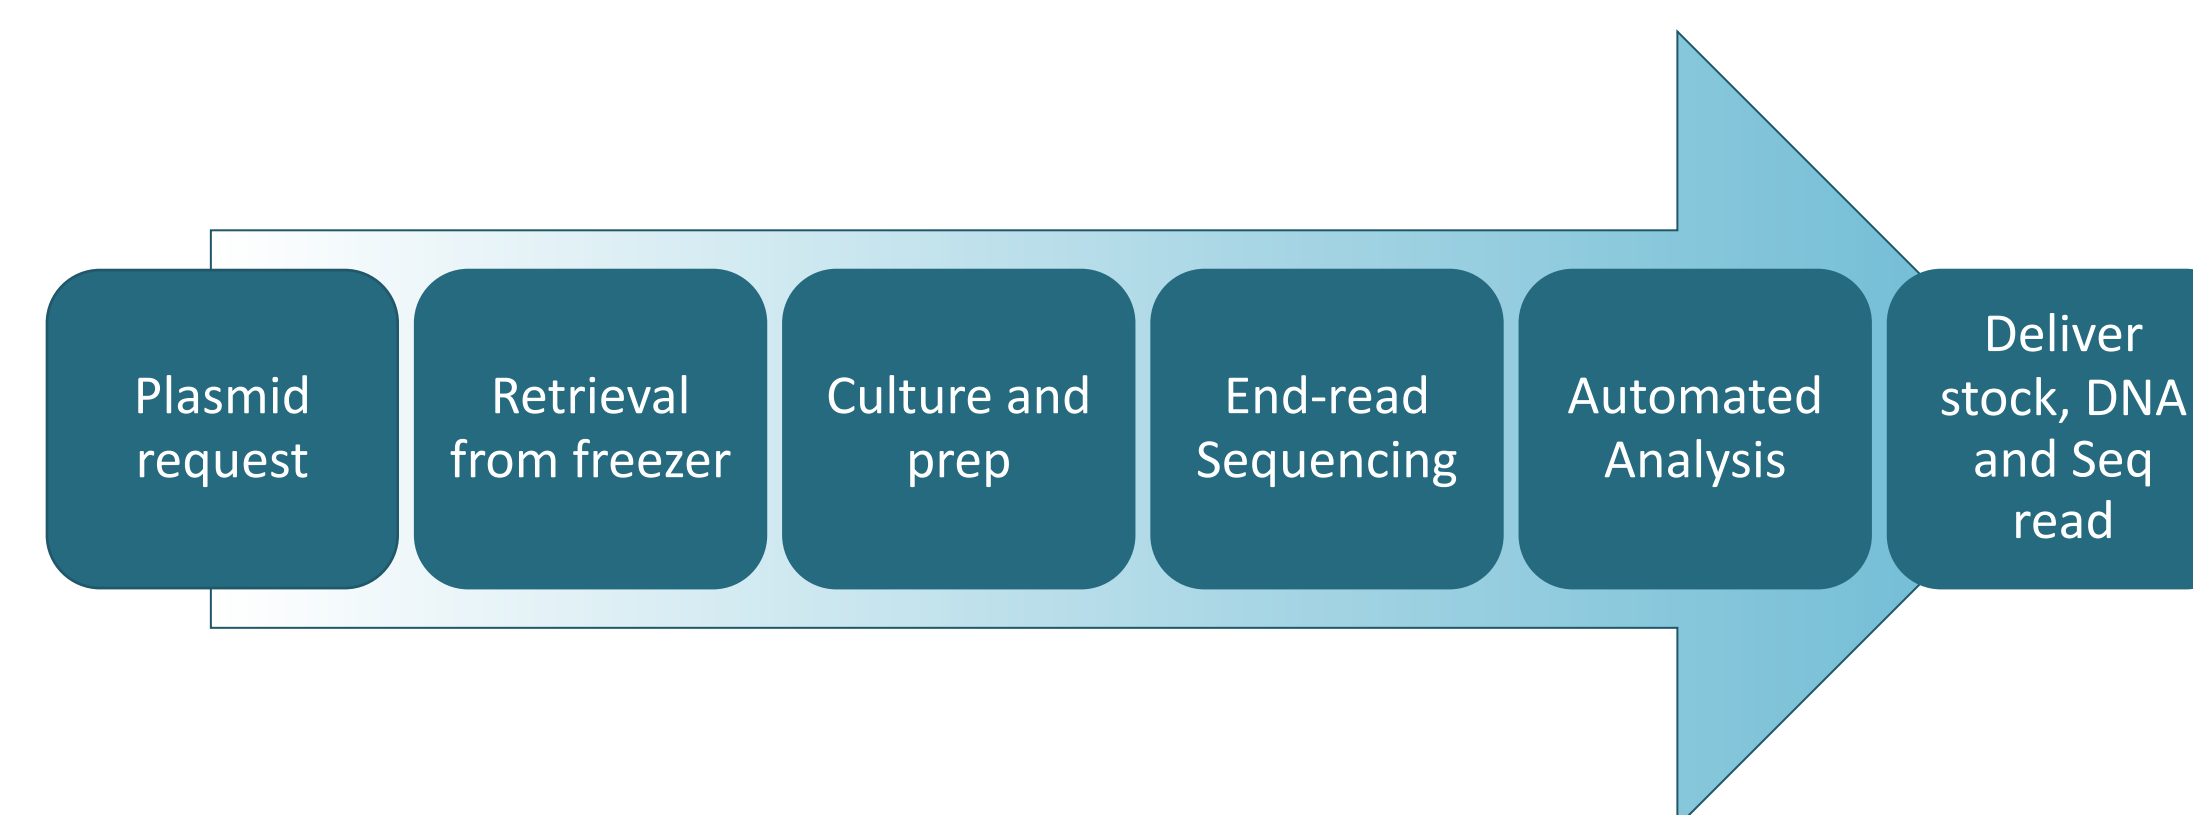

dnaseq.med.harvard.edu

PlasmID Services

- ❖ Plasmid clone storage and management
- ❖ Plasmid distribution to the local and broader research community
- ❖ Retrieval from library of over 330,000 plasmids

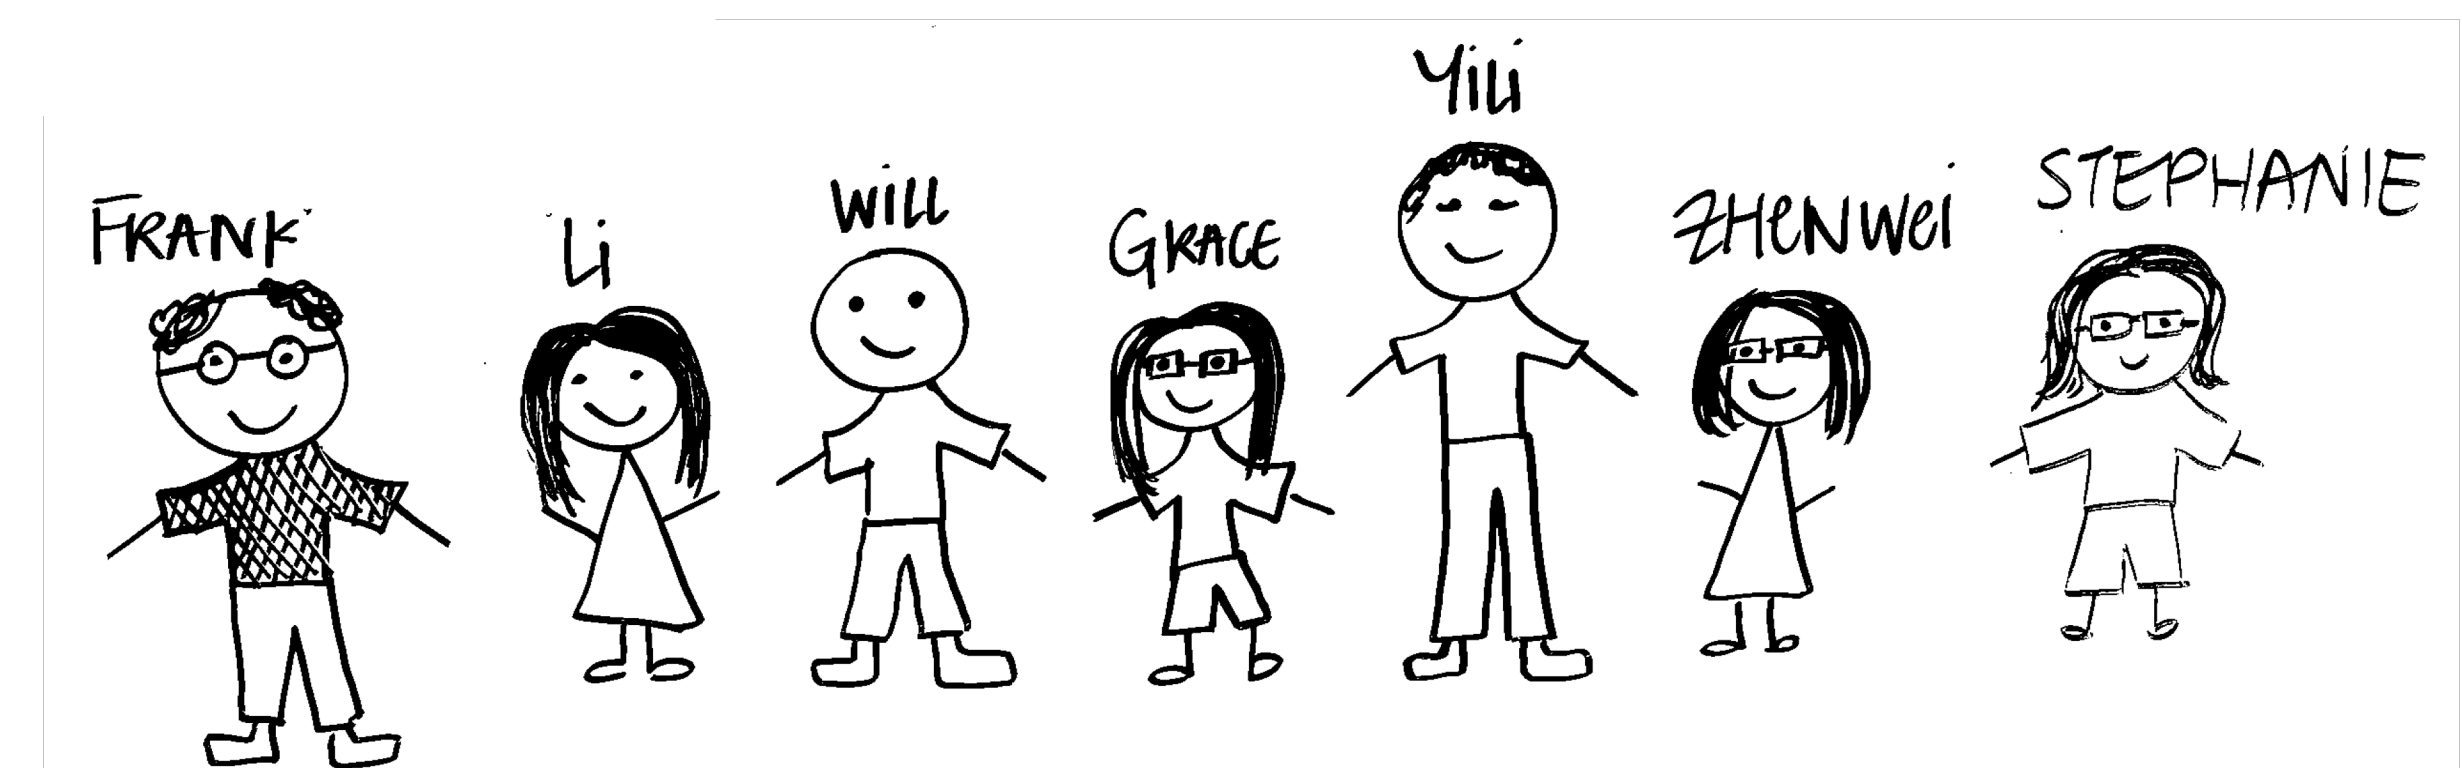

Talk to us about depositing your plasmids!
